1.2L TSI engine. Maximum power. Minimum consumption.

Engines should be about getting more, not settling for less. The New Polo TSI's revolutionary 1.2L engine strikes a fine balance between both power and efficiency. It dominates with a 105PS and 175Nm engine.

And, as if that isn't a mouthful, it even boasts a 7-speed DSG (Dual-shift Gearbox) transmission.

Interior Equipment

- Leather wrap multifunction steering wheel
- Automatic Air Conditioning system 'Climatronic'
- Radio "RCD 320 G" with SD card slot, CD player, USB/ipod interface and Bluetooth connection
